

25/02/2022

On the eve of their 50th birthday celebrations NESS CORPORATION are pleased to announce a strategic relationship with another long established brand, ARITECH Australia.

This well-matched pairing combines NESS's 50 years of manufacturing and national distribution experience with ARITECH's highly regarded brands, including TECOM, TRUVISION CCTV and GUARDALL sensors.

The agreement gives ARITECH access to NESS's local manufacturing facilities and co-development opportunities to expedite new product releases and combat the challenging global component environment.

The NESS team look forward to providing our customers a fully integrated end to end solution from ARITECH Australia from the 1st of May.
